**Subject:** RE: March 13 Meeting

I just forwarded to you and Sheetal the meeting invitation with logistics details. This is a monthly mtg with a variety of topics related to transfer of property. Occasionally Gonzalo has participated by phone. If it is easier for you we could ask for your topic to be earlier or later on the agenda. We hope to get senior managers from multiple agencies together to discuss our roles and approaches about buildings.

**Subject:** March 13 Meeting

Good afternoon Lily,

I spoke with my supervisor; Dr. Sheetal in regards to a potential meeting on March 13 to discuss the application of USEPA PRG calculations along with CDPH RURR letters at Hunters Point Parcel G. Dr. Singh checked her calendar for March 13 and noted she has not received notification of the meeting. Would it be possible for you to drop us a couple of lines about the where, when and maybe a little more information about the purpose of this meeting?
